

PRESIDENT MAY BE PRESENT AT PEACE TABLE

Sec. Lansing Certain to Be One of U. S. Members

WASHINGTON, Nov. 13.—President Wilson was said today to have given no indication as to how he regards the suggestion from high sources in Europe that he attend the great conference which is to re-establish the peace of a war-torn world.

Most of the president's advisers are understood to consider that acceptance of the invitation would involve needless risk and would serve no purpose that could not be accomplished thru the delegates who will be appointed to represent the American government and who will be in constant communication with Washington. Should the president decide to attend the conference—and some of those usually well informed say he has an open mind on the subject—that fact would not mean, in the belief here, that Secretary Lansing would not be a member of the American delegation.

It was said that upon Mr. Lansing would fall much of the weight of the heavy tasks connected with American participation in the conference not only by virtue of his high rank, but because of his wide experience in other international conferences and arbitrations.

The proposal of Dr. Solf, the German foreign secretary for a preliminary peace conference has not reached Washington in official form tonight, but it is understood that there is little probability of its acceptance. Such a conference is regarded here as unnecessary and as likely to uselessly complicate the work of the general conference. Obviously Dr. Solf's proposal is based upon the urgent need of Germany for food and other supplies, but it is pointed out that these conditions will be dealt with by the United States and the allies in advance of the peace conference under the general pledges contained in the armistice and given by the supreme war council at Versailles.

Further assurance on this subject is given the German government by Secretary Lansing who in a note handed today to the Swiss minister in reply to one from Frederick Ebert, the German chancellor said the president is ready to consider favorably the supplying of foodstuffs to Germany and to take the matter up with the allied governments upon assurances that public order will be maintained in Germany and an equal distribution of the food is guaranteed.

It is suspected here that Dr. Solf's real purpose is to have the preliminary conference dispose of political matters, such as the future of the German colonies and trade relations between the Central Powers and the nations with which they had been at war in the hope of being able thus to speedily to re-establish German foreign trade.

All of the old treaties of amity and commerce under which international trade have been conducted between the warring nations automatically have been destroyed by the war and it will be necessary to provide a whole new fabric of trade treaties.

The peace conference may signify its own ideas as to how these shall be framed but it will remain for the individual nations to give these ideas concrete form in special treaties.

The supreme war council in Versailles did more than consider the subject of armistices and it is learned that for a long time preceding the final collapse of the central powers, study and attention was given to the subject of final peace in all its ramifications. Therefore, when the peace conference meets it will find before it a fairly well digested program for the conduct of its business. It is regarded here as certain that provision will be made for the appointment of permanent commissions to give final adjustment of the conference to perform the score of things that must be done to set the commercial and economic machinery of the world at work again.

Not months but years will be required to readjust this machinery. One high official said today it was a rule based on history to assume that it will require twice as much time to get out of the war than it did to go thru with it.

GERMAN TRAINING SHIP TORPEDOED
Amsterdam, Nov. 13.—The German training ship Schieslen has been torpedoed by revolutionary warships, according to the Weser Zeitung of Bremen.

The Schieslen, a former battleship now used as a training ship, reported earlier in the week to have fled from Kiel when the sailors revolt broke out there. The ship was 431 feet long and displaced 13,000 tons.

GAME CANCELLED
St. Louis, Mo., Nov. 13.—The University of St. Louis today cancelled its game with Washington University scheduled for next Saturday, on account of influenza.

German Army Slowly Moving Toward Rhine

WITH THE AMERICAN ARMY ON THE MEUSE, Nov. 13.—(By the A. P.)—Germany's army was moving slowly along its whole front toward the rear today. The American forces remain exactly where they were when the armistice went into effect.

So far as known at the American army headquarters no disposition has been displayed to block at any place, providing for the withdrawal of the German troops. It is realized that the reversing of the gears of the great German machine will not be simple. There would have been no surprise among the American officers had the German front remained almost unchanged but already there appears to have been left immediately in front of the Americans little more than a fringe of soldiers in some places even that line has been withdrawn so far that the army men on this side do not know its location.

The Germans reluctantly abandoned their efforts to continue fraternization where the lines still were in proximity, but threats to hold as prisoners any one on approaching American lines practically stopped their visit.

Behind the American line the activity of the supply train continued today and the troops mobilized at the front settled down to routine duty. There was an increasing number of leaves of absence however, and the towns in the rear where troops are stationed were gaudier than at any time since the beginning of the war. The celebration that began Monday night gained momentum instead of showing signs of abating.

War Department Re-organization Will Be Made

WASHINGTON, Nov. 13.—Plans for the reorganization of the war department and the army itself now are in process of formulation by the general staff and will be before Secretary Baker. Orders or the actual breaking up of the army cannot be promulgated until these plans finally are completed as the demobilization program is dependent to some extent upon the adoption of a reorganization policy.

The secretary has indicated that new legislation will be necessary to carry out the re-organization expected to lay a definite program before congress at the earliest possible moment. This may re-open the whole question of universal military training and many officials anticipate a long legislative struggle before final action is taken on whatever policy Mr. Baker may propose. Existing law authorizes the maintenance of a regular army of approximately 375,000 men. Of the 3,700,000 men under arms, probably not more than 100,000 are under obligation to serve beyond the restoration of peace.

Thousands of officers in service are temporary commissions in the regular establishment. These commissions were issued for a definite period of years but the general attitude of the department would not indicate any intention of holding such officers against their will when the war emergency has passed. Demobilization of the existing officers corps, both line and staff, forms a separate element of the present problems of the war department. It is certain that efforts will be made to keep men who have shown themselves qualified in such relationship with the government that their services can be quickly reassured at need. Pending a completion of plans, resignations are being discouraged.

BOMBING PLANE MAKES GOOD TIME

WASHINGTON, Nov. 13.—A big "Handy-Page" bombing airplane arrived at Bolling Field here at 2:55 o'clock this afternoon from Hazelhurst Field, Minn. The plane left Hazelhurst at 12:30 o'clock this morning and was piloted by Captain Weller of the British Royal Air Force with Lieutenant Ludick of the United States Army Air Service as guide. Four passengers were carried. The flight was made at an average height of 4,000 feet. A sheet storm was encountered while passing over New Jersey.

PLANTS ORDERED CLOSED

Long Island City, N. Y., Nov. 13.—War department orders received here this morning will shortly close one of the largest government gas defense plants in the country. Twelve thousand men and women, many of whom have been earning from \$30 to \$80 a week, as compared with the wages of from \$12 to \$15 before the war, will have to seek work elsewhere.

REGULATIONS ON WHEAT FLOUR ARE WITHDRAWN

Sugar Allotment Will Be Increased To 4 Pounds

WASHINGTON, Nov. 13.—Regulations requiring householders and bakers to purchase 20 per cent of substitute with each purchase of wheat flour were withdrawn today by the food administration effective immediately.

Substitutes already purchased and for which millers, dealers or bakers do not find a ready sale will be purchased by the grain corporation of the food administration under the being formulated. The coarser grains being used as flour substitutes will be placed on the market as animal feeds, of which there is a shortage. Although wheat bread may now appear on the American table without restriction the food administration announced it will continue to advocate conservation in the use of flour.

The relaxation of wheat regulations which have been in effect in various forms since January 28, last, was ascribed directly to a statement issued by the food administration tonight to the military armistice. It was pointed out that the Mediterranean Sea is now safe for commercial transport and that the European nations can draw on the large wheat supplies in India and Australia. With cargo ships released from military service it was said it will also be possible to tap accumulated supplies in the Argentine.

Allow More Sugar

Washington, Nov. 13.—Increase in the best sugar producing states and in the cane producing territory of Louisiana, of the household sugar allotments from three pounds to four pounds monthly per capita was ordered today by the food administration effective December 1. At the same time public eating places in these sections will be permitted to increase their consumption from three pounds to four pounds for every ninety meals served.

For the remainder of the country, it was stated, the allotments of three pounds monthly per capita for households and three pounds per ninety meals for public eating places will be continued for the present at least.

The increase for sugar producing states was granted because of the lack of cargo space for overseas shipment together with insufficient storage facilities in this country.

WAGES WILL NOT BE LOWERED

WASHINGTON, Nov. 13.—The railroad administration plans no reduction in railway employees wages under peace conditions and likewise no material lowering of freight and passenger rates, it was stated authoritatively today. Both are likely to remain at their levels with many readjustments during the period of change in the nation from war to peace. Railroad wages are not as high as those paid for similar service in war industries it was declared and railroad administration officials feel that there is no war bonus to be taken off the wages of rail employees. Events of the past week have caused a pronounced movement of men from war industries to the railroads where they are insured greater permanency of employment, officials said.

JOFFRE HONORED BY PERSHING

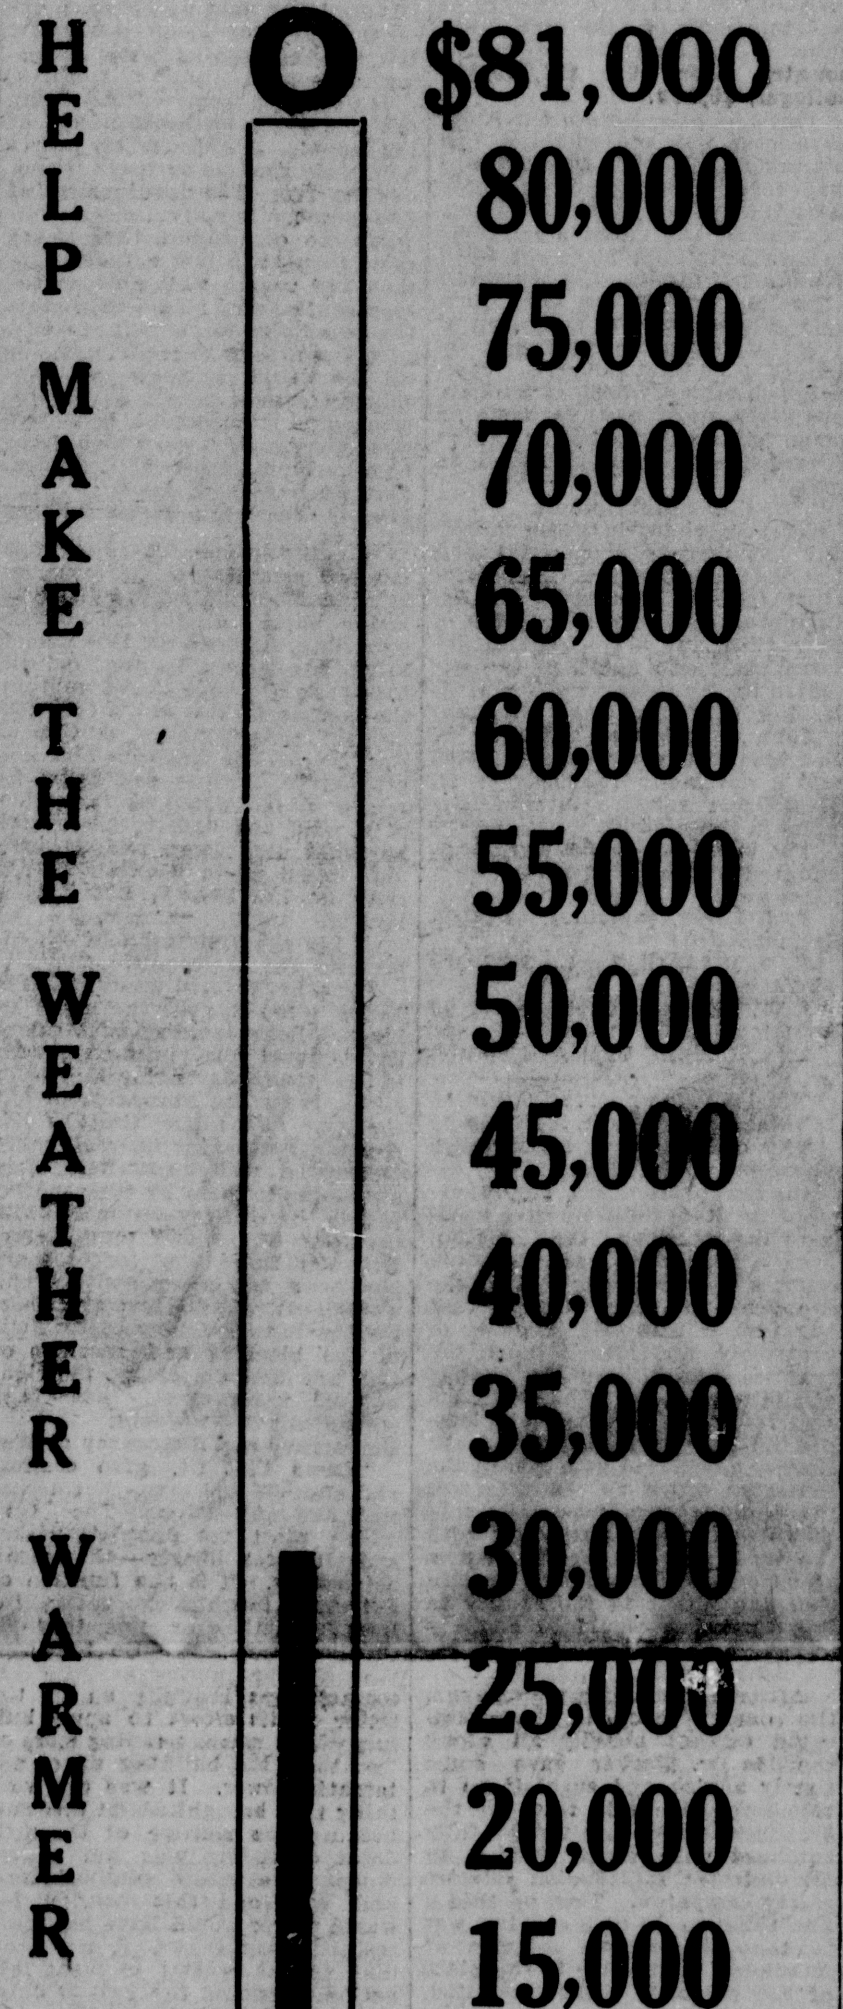

PARIS, Nov. 13.—Havas.—General Pershing, in the name of President Wilson, presented at the military academy this morning, the distinguished service medal to Marshal Joffre, the hero of the Marne. In his address the American commander-in-chief said: "This medal is a symbol of our respect for your noble character and of our admiration for the great task you accomplished. Your name will always be associated with the results we have obtained."

Marshal Joffre in thanking General Pershing said he was proud of the great distinction which served to draw him still closer to the American army and people. "I am proud to have been the Godfather of the noble American army which was the determining cause of our actual victory. I love the American soldiers as tho they were mine."

DEPUTY INGELS FREED

London, Nov. 13.—Deputy Ingels who was carried off from France as a hostage by the Germans has been freed and has arrived at Rotterdam, President De-Schanel announced in the chamber of deputies today. The deputy was released from imprisonment in Cologne when the revolutionists gained control of that city.

LONDON, Nov. 13.—Five German submarines arrived at Lamskrona, southern Sweden Wednesday and requested the naval authorities to intern them, according to a dispatch to the Exchange Telegraph from Copenhagen. The submarine commanders said they did not dare return to Germany.

WASHINGTON, Nov. 13.—Speculative short interest in cotton on the New York futures market was heavy yesterday, according to a report today by the

tribulation committee. Bona fide hedge sales against the purchase of cotton are permitted on affidavit from the seller but no selling orders from the countries except in liquidation of long contracts are to be executed.

CONTRIBUTIONS TO WAR FUND \$45,013,639

NEW YORK, Nov. 13.—Contributions by the entire country to the United War Work campaign up to noon today totaled \$45,013,639, according to a statement at national headquarters here tonight.

It was pointed out by Dr. John R. Mott, director general of the campaign that with only five working days left the country must give at the rate of \$40,000 a day to reach the 50 per cent oversubscription sought by the seven organizations for welfare work. Three states have attained their quotas and are now striving for the desired surplus. New York state has far outstripped all the others, the total reported to room, including New York City, was \$13,951,393.

Michigan has pledged its full allotment of \$5,340,000 from her "war checks" and is working for a 150 per cent oversubscription.

DEMAND ARREST OF ADMIRAL VON TIRPITZ

Amsterdam, Nov. 13.—The independent Social Democrats in the new government have demanded the arrest of Admiral von Tirpitz, former minister of the navy; Major General Kelm, president of the German army leader; Dr. Wolfgang, president of the Fatherland party; Admiral von Holtzendorff, former chief of the naval general staff, and others, and the establishment of a tribunal to try all persons primarily responsible for the continuation of the war and the suffering of the people.

SUPERVISION OF STEEL INDUSTRY BY U. S. NECESSARY

During Period of Re-adjustment of Peace Conditions

WASHINGTON, Nov. 13.—Continuation of government supervision of the steel industry during the period of readjustment to peace conditions was recommended today by the steel committee of the American iron and steel institute at its first meeting with the war industries board since the signing of the armistice.

Optimism over the industrial and labor outlook as affecting the steel industry during the transition from war to peace marked the conference, the belief was expressed that there should be no abrupt alteration of peace or wage levels. The chief purpose of the meeting it was announced to preserve "industrial stability and the discussion covered general trade conditions, national and international. After the conference officials explaining the steel committee recommendation for continued supervision by the war industries board said that if price control were abandoned and the price of steel decreased those who had stocked materials at the fixed price could not compete with those who could go into the market with lower prices prevailing. On the other hand if the price should increase manufacturers with stocks on hand would have an advantage.

Government supervision and price control, it was explained will prevent any such conditions and stabilize the industry until it is on a peace basis. This formal statement was issued by Chairman Baruch of the war industries board and Elbert H. Gary, chairman of the steel committee after the meeting.

The discussion followed general lines regarding trade conditions both of national and international character with the purpose of preserving industrial stability.

The iron and steel institute committee in the course of its suggestions made emphasis upon the point that a continuation of government supervision of industry for the present was highly desirable.

It was agreed that many changes in operating conditions of the steel mills will be necessary in the transition from war to a peace basis. Some cancellations and adjustments in war contracts will follow, but owing to the removal of many restrictions imposed on non-war industries and the immediate demands of such industries and a probable resumption of federal, state and municipal improvements which had been temporarily suspended and the demands from abroad for foreign construction which are already taking definite shape it is believed that the transition can be accomplished in an orderly and systematic way.

The discussion was entirely informal and was characterized chiefly by a spirit of co-operation between the board and the industry that was as strong as the which existed during the war pressure.

"Further data and information are to be gathered and collected for the use of the war industries board for its further conferences with this and other industries."

ALL WARSHIPS WILL BE COMPLETED

WASHINGTON, Nov. 13.—All warships now under construction or contracted for will be completed, Secretary Daniels said today after the weekly meeting of the war cabinet. He also announced that the navy yards at Mare Island, Calif.; Philadelphia, Norfolk and New York which have enough work on hand now to keep them busy two years, will be enlarged.

Outstanding navy contracts include those for a large number of destroyers ordered for the war emergency and most of the three year building program authorized by congress in 1916, work on which was held up for the building of specialty pieces of war craft urgently needed for the war. Mr. Daniels did not indicate the extent of enlargements at the four navy yards.

FORMER EMPEROR TAKING LIFE EASY

LONDON, Nov. 13.—A despatch to the Central News from Amsterdam says William Hohenzollern, the former German emperor took a walk this morning accompanied by officers. Later he went motoring followed by a car containing Dutch officials. The correspondent says the ex-emperor appears to have resigned himself to his new life.

Two enormous torries arrived today with Hohenzollern baggage which consisted of a large number of trunks and cases.

Burlington, Iowa, Nov. 13.—Jan. Spencer, a teamster, 25 this morning confessed to a 63, proprietor of a plant here.

Allies Must Not Be Too Generous Toward Germany

NEW YORK, Nov. 13.—Stephane Lausanne, editor of the Paris Matin and a member of the French high commission in an address here today on how France understands peace, deprecated a too generous attitude toward the German people.

"Let us remain strong," he declared, "for strength is the only thing Germany understands. Let us not be too generous, for some times, generosity is understood as weakness. It is ridiculous to speak of the 'good German people.' The same people who shouted with glee in the streets of Berlin when the Lusitania was sunk with little American children. The German Socialists are noisy now. They were silent when Belgium was invaded, when the Brest-Litovsk treaty was signed. Let them be silent now."

"There are no 'good German people' except those that are dead," Mr. Lausanne declared vehemently. He continued:

"We have faced the most terrible war machine that the world has ever known. Now they have heard the death rattle in their own throats. If we do not take guarantees our blood shall have been shed in vain. It is not our victory nor the victory of any nation but it is the victory of an ideal. It must be—the victory of justice."

Mr. Lausanne declared that there could be no reparation for the destruction of the cathedral of Rheims or the killing of women and children, but that Germany must restore the art collections stolen from private houses and public buildings in northern France and Belgium and the machinery and other equipment looted from French and Belgium factories.

The editor derided the complaint of Dr. Solf, the German foreign secretary, as to the severity of the armistice terms in Germany demanding the giving up by Germany of 1,200 locomotives and 150,000 cars. All of these, he declared, were a part of the railway equipment that "was stolen in France and Belgium."

Western Powder Plant Explodes; Two Are Killed

PEORIA, Ill., Nov. 13.—Two men were killed tonight in a series of explosions in the plant of the Western Powder Manufacturing Company at Edwards, Ill., sixteen miles northwest of here. Fire which broke out in the factory buildings and spread to adjoining timber, sent hundreds of inhabitants of Edwards fleeing from the village in the fear that the great powder magazine would explode and destroy the town. One man was reported missing. The danger was later averted. The dead: Kech Schrader. Jack Stewart. The missing—Chris Franks.

The shocks of the explosion were distinctly felt for many miles around and caused the belief in many localities of Central Illinois that the tremors were those of an earthquake.

The residents of Edwards rushed from their homes and fled into the country. The powder magazine which they feared would be ignited was said to contain 500 kegs of powder.

The explosion occurred at 6:15 o'clock and the fire raged for two and one-half hours before being controlled.

The bodies of the two victims were not recovered. A third employee, Henry Goodwin, was reported killed but later was found unhurt.

The shock of the explosion was felt in Jacksonville and several calls were received by the Journal asking for information as to cause of the earth tremors. One caller called from four miles west of the city and said that the shock was felt at his home.

MUST ABOLISH EIGHT HOUR DAY

NEW YORK, Nov. 13.—Abolition of the national eight hour day and a lowering of war time wage scales are essential if American miners and factors are to continue to compete in the world of trade, according to William H. Barr of Buffalo, president of the National Founders' association who addressed the annual convention of the organization here today. Declaring that the liquidation of labor to be the first and greatest problem which will demand the attention of our industry," Mr. Barr counseled the meeting of this problem without resentment or bitterness.

"When the government ceases to be the great common employer and government money can no longer pay the present extravagant wages," he said, "can private industry so order its affairs as to continue furnishing employment to the millions of our workmen? This question is the labor problem which will arise after the war."

CELEBRATIONS HELD ALOIG FRENCH FRONT

Crowds Gather and Cheer, French, British and Americans

WITH THE FRENCH ARMY IN FRANCE, Monday, Nov. 11.—(By the Associated Press.) Celebrations of the signing of the armistice were general today throughout the entire front line by the French troops. The demonstrations were participated in both by the soldiers and the people in liberated villages. Chinay the population was delirious with joy. The war correspondents passing thru the town were taken for Allied army officers and were drawn into processions.

"For four years we have waited for this day," the people shouted. "Just think of it, the Germans have gone! Chinay never saw another day like this."

Crowds gathered in front of the French colonel's headquarters and joined hands, dancing and cheered the French, British and Americans in turn.

The only visible manifestation of the joy of the French soldiers came with nightfall, when lighted fuses shot into the air all along the front, star shells bursting sometimes singly and sometimes in clusters. Camp fires and bonfires lighted up the bivouacs all thru the advanced zone. Not since the war began had the front lines seen so much light. The fire works displays went all night long. They were witnessed from a convey of several powerful motor cars that made a halt at Gales about eight o'clock in the evening to replenish the gasoline reservoirs. The lead of this convey was the war were French cars while the other cars, here on their sides the German imperial black and white mark of identity, crowds of French soldiers gathered around the convey to get a sight of the German envoys who a few hours before had signed the document that released them from their hard work of war.

Only the younger officers alighted in the mud during the replenishing operations. Not a shot or even a loud remark was heard from the crowd of on-lookers. The incident passed in such grave quiet on the part of the French that the low conversation of the German officers gathered around the cars was audible. When the big machines rolled away in the mist toward Belgium the throng broke up without once having lacked consideration for the representatives of the fallen empire.

The same road taken by the envoys was followed in the opposite direction by two French soldiers who perhaps were the last two captives of the war to make their escape. They had been taken prisoner during the battle of July on the Chateau Thierry salient and were kept just behind the lines. During the retreat they saw the declining phases of Germany's military power. They were able to confirm the impression that the lack of transportation equipment was one of the causes of the final breakdown of the great fighting machine.

With the American and British prisoners the men took the places of horses and motors that were lacking and dragged heavy guns in the successive retreats to the Belgian frontier. They witnessed the gradual crumbling of the marvelous organization that had maintained order and prevented the retreat from turning into an immense military disaster.

"SPIN THE TOP"

New York, Nov. 13.—The victorious American soldiers across the seas will now "spin the top" instead of going "over the top." The boyhood game has become a popular among the soldiers and sailors. A column of Columbus, announced today that 100,000 tops have been sent to France. The over-seas secretaries of the organization have been supplied with overalls it was stated, as work during the reconstruction period frequently will require their use.

KEEP THEM SMILING.

"Keep them smiling," is a slogan which appears on one of the United War Work campaign posters. It forms an excellent motto, too, and quite well sums up the purpose of this campaign. Certainly America owes to the soldiers in khaki who have met the hardships of war and won the victory, to give them every possible comfort and to "keep them smiling."

The soldiers themselves bear testimony to the influence of the M. C. A., Knights of Columbus and other organizations which have combined their interests in this special war work campaign. There will still be months of service overseas for the soldiers, according to military authorities, and the now famous huts which the soldiers have so much enjoyed and which have been the admiration of the armies of the allies, must certainly be maintained for these days of still greater usefulness.

THE LABOR RE-ADJUSTMENT.

The absorption of labor has been in many minds one of the

most difficult things relating to after-war adjustment. It is very certain that with passing time there must come some changes in wage schedules but that for the present is not as much a matter of concern as finding different lines of employment for millions of workers.

The government evidently recognized the situation and is planning to have the great industrial changes take place with as little disturbance as possible. It is to that end that factories engaged on munitions contracts will not be shut down all at once. Further, local boards are to act somewhat in the capacity of employment bureaus and every effort will be made to have the workers absorbed into new lines of industry without any great uproar. At first thought this is a difficult and almost impossible task, but when one thinks what has been accomplished in the past eighteen months by the United States in its war preparations nothing seems impossible.

GOOD NEWS FOR ATTORNEYS.

The announcement that for the present at least there are to be no more questionnaires filed by registrants will certainly be heard by attorneys with good cheer. In Morgan county members of the bar have very willingly given their assistance to the registrants but at the same time the work of filling the questionnaires has been arduous indeed and has made heavy inroads upon the time of the attorneys. In many of the lawyers' offices there has been a series of days in which no other business was transacted other than that in caring for the affairs of registrants. The lawyers were willing to make the sacrifice as long as the need existed and now they are well pleased that the need is past.

THE CASUALTY LIST.

The report which indicates that the total American casualties in the world war will not be more than 100,000 points again to the good fortune of America by comparison with the other belligerent nations. This list of 100,000 comprises all the men who have died at hospitals, been killed in action, have been wounded or who have been taken prisoner. It is expected that a considerable number will be found in the prison camps of Germany and a large number of those in the hospitals will recover. So the thousands who have died—great as has been the sacrifice—constitute a small number by comparison with the millions involved in the conflict. American people today are giving utterance to the uniform prayer of thanksgiving that the enemy forces were so quickly shattered and the casualty list thus kept to a remarkably low level.

MARKETT SHOWS NO TIMIDITY.

People who expected serious market disturbances the day following peace announcement were either surprised or disappointed. Peace had evidently been anticipated for prices were somewhat higher than the day before. Neither was there any special change in the values of stocks and bonds. The condition is but another bit of evidence of the great strength of this country and of the soundness of our present financial system. Time was when a mere rumor would have a decided market effect. So long as the public has confidence that the after-war period is not going to present any problems of readjustment too difficult for solution the transition to normal conditions can be successfully met.

SOME HABITS OF THRIFT.

The release of restrictions in the use of wheat, or rather the order by which the use of substitutes is no longer necessary, will be heard with delight not only by housewives and bakers but also by people generally. The many the use of wheat flour substitutes has meant real privation and to others an added expense, as they were unable to find use for the substitutes as rapidly as the flour purchased at the same time was consumed.

The order permitting the free use of wheat flour will come as a surprise to the public, following so closely upon the statement of famine conditions in some parts of Europe. The explanation seems to be that the close of the war releases large storage supplies of wheat in Australia and India and also other grain shipments from South America.

The sugar allowance, it is announced, is to be increased. While the old restrictions have been irksome the people have been entirely willing to make the sacrifice to relieve their allies. There have been other benefits, too, and it is doubtful if in any other way the American people could have been given such a helpful lesson in curtailing extravagance. Waste has been the bane of American life by comparison with some of the old countries and even the food restrictions are now removed, some of the customs established because of these restrictions will continue as people have found out that they can get along with lesser quantities. This applies especially to sugar. Many a person has formed the habit of using coffee without sugar and has learned to cut down his individual allowance at least 50 per cent. Some of these habits will remain and individuals will be better for the lessons that self-sacrifice has taught.

Rippling Rhymes
By Walt Mason

NOVEMBER
November's here, with land-swept dreads and winds that chill the human gizzard; they seem to sigh as they whiz by. "Prepare, prepare, for winter's blizzard!" The trees are bare; as in despair, before the winds they writhe and totter; the skies are bleak and often leak a lot of cheap denatured water. November's here; the dismal year is growing feeble, halt and sickly; he'll cash his checks and join the wrecks in time's world famous bonnyard quickly. Thus years roll on; they come, they're gone; they seem to linger for a second; they come and a year quite new looms up in their curves are fairly reckoned. grin, and they're all in before a year that's bold and blithe and clever; so full of pep his buoyant step, you'd think that he would last forever. But while you look he shrinks, gadzooks! The bloom is from his cheek departed; his shanks grow lean, and he is seen a gauffer bent and broken hearted. November's here the fields are sere, the flowers, in doors, are safely potted; the birds are gone from ledge and lawn, the season's flies have all been swatted. The Tents are whipped; they're badly hipped by too much kultur, too much hating; Thanksgiving Day, not far away, looms up as something worth awaiting.

The figures given are not exact to a cent but are within a few dollars of the total subscriptions. The reports for the city include subscriptions up to last Wednesday and for the outlying precincts the subscriptions made up until Wednesday night. The organized effort is now moving along in a very satisfactory way according to a statement made yesterday by Dr. C. H. Rammelkamp, campaign chairman. Some of the subscriptions made have not been as large as hoped for but so far as recorded no one has refused to give.

City Subscriptions.

At the noonday luncheon yesterday the reports made evidenced the greatest interest. The principal address was made by Congressman James M. Graham of Springfield and a great deal of interest was also added to the occasion by the remarks of Dr. J. R. Harker and Miss Amy Onken. John J. Reeve as chairman of the speakers' committee presided and a statement was made by H. J. Rodgers relative to contributions in the district.

The subscriptions by wards announced yesterday were:

First ward:
J. J. Ferry, captain, \$ 875.00
Second ward:
F. J. Waddell, Capt. 1,276.75
Third ward:
J. W. Merrigan, Capt. 542.00
Fourth ward:
T. A. Chapin, Capt. 4,603.00

Total.....\$ 7,296.75
Total for two days, \$31,050.00
The county totals appear elsewhere in tabulated form.

In the preliminary announcement Dr. Rammelkamp gave credit to the women of the Christian church who are serving the supplies. He said further that any person who felt disposed to contribute anything toward the supplies would have the thanks of the committee. The chairman also referred to the special pleasure he had in having Dr. J. R. Harker associated with him in the campaign work as chairman for the county precincts. He said that Dr. Harker's familiarity with the work and the success in previous campaigns made it certain that the result in the county in this campaign would be entirely satisfactory.

Advice from Dr. Harker.

After presenting a report from the county precincts which indicated earnest activity all along the line Dr. Harker gave some timely advice and suggestions to solicitors. He told them in the first place to be sure and be fully equipped with cards, checks, and an all desirable information relative to the campaign. Then he said a fine thing to do each evening was to take the mental exercise of imagining themselves in the place of the persons being solicited, and thus getting a line on the most appealing arguments and the best things to say. "My final advice to you as solicitors is to stay untrifled, no matter what someone else will say, and also to stay on the job. As last resort sometimes it may be worth while to get mad" but do that only on the outside and keep the inside smooth and without turbulence."

Chairman Rammelkamp said the spirit of the campaign had been well pointed out by a Chicago cartoonist who used a picture under the caption "Don't desert the boys you cheer."

Mayor Rodgers as chairman of the district reported \$15,000 raised toward Pike county's \$52,000; \$13,500 toward Cass county's \$48,000, and a car load of hogs ready for shipment to the St. Louis market, receipts of which are to apply on Scott county's \$16,000.

The Victory Girls.

Miss Amy Onken as county chairman for the Victory Girls said that oratory was not one of her qualifications but she made such a clever report of the work in progress that her statement was disproved. The Victory Girls movement, she said, so far as this county is concerned, is based on three false propositions. The first is that the population of the county has increased 10 per cent; second, that 12 1/2 per cent of the population are girls between the ages of 18 and 20, and third, that 12 1/2 per cent of this number will give \$5 each toward the United War Work fund.

"Possibly these three false statements make one truth," said Miss Onken. "At any rate our work in the county is progressing in a very satisfactory way and we are sure that the quota will be exceeded. Six precincts have already gone over the top and three precincts more than 150 per cent. As a resident of Chapin it is of course gratifying to me to especially commend my home precinct. There the quota was \$65 and the subscription \$118.11. The work among the Victory Girls means more than a mere subscription. The money must be earned by the girls or else given from their allowances at personal sacrifice. So we feel that the girls are all to learn a valuable lesson thru their participation in this movement."

The chairman then introduced as the chairman to preside during the rest of the session J. J. Reeve who is the vice chairman.

He suggested that while the sum of \$31,000 at first thought seemed large that it really represented only a dollar a week for the period of a year for each of the Morgan county men in service. Certainly the county owes this much of special comfort and care to these men who have represented her on the sea and battle field.

Mr. Reeve said it gave him special pleasure to introduce as the speaker ex-Congressman James M. Graham of Sangamon county. The company then had the opportunity of listening to a splendid address in which the greatness of this country was emphasized and light was thrown upon the real objects of the war. Mr. Graham speaks with unflinching eloquence.

He said in part: "We today are easily the foremost nation of the world. Practically all people now look upon us as their friend, and we are. The development of this country is many times indeed, when we consider that it has come to pass in just a little more than 140 years. This government represents an idea—represents the principles for which civilized man has always been striving. In all the world nothing so profoundly affects us all as government, and government is merely that system of laws which faces us all. How important it is then, that we have good laws. Liberty Does Not Mean License

"So the people came to this land to establish a government by consent of the people and that is the basis of this country's founding. America on this foundation has grown strong and its happy free people have told to the people of the old world the distinct advantages of democracy. And for all the freedom that liberty gives, it does not mean license. If one wretched animal he must seek some island home and dwell there alone. In society he has liberty, but it is a limited thing, surrounded by laws for the protection of all, especially for the weak.

"Another form of government is based upon the divine right of kings. Because some such rulers have chosen the right to govern in the wrong way today they have fallen from the pinnacles of authority. We know that by derivation democracy is unalterably contrasted with autocracy. One means government by the common people, or self-government, while the other means one or two rulers. Between these two forces there has been a continued conflict and we believe that the last great battle has been fought and that out of the bleeding and sacrifice of this war that democracy, the right of self-government, has been spread about the world.

Democracy and Autocracy at War.

"Laws that fit, give comfort and support, and laws that do not are offensive. The laws which mean the people's wishes and fit mean liberty—they mean democracy. It is the function of autocracy to make the people like laws, whether or not they fit them or are just. So this conflict between democracy and autocracy was brought on by the latter in its effort to apply kultur, which means nothing more or less than the building up of autocratic power. It was this very thing that brought about this war, because the murder of the arch duke of Serbia was but a pretense. Autocracy planned long and well and would have been successful had it not been that at the crucial moment this nation answered the call of duty. It would indeed have been the crime of ages if this nation had kept out of that conflict and failed to throw its strength into the balance in the struggle for liberty and democracy, for which it has long been the exponent.

"Whatever democracy has come to the old world has been largely as a result of our example. So at the battle of Chateau Thierry the United States came in and the crucial moment and the tide was turned. Our boys have been taking things at the war front ever since that day. They are our worthy representatives, the saviors of all eyes. How proud we should be of them! Nothing is too good for these boys of ours who bore the brunt of the battle and saved the day for liberty. But talk is idle unless it is backed up with deeds and in this case deeds mean a generous contribution. In the war up to this time these men have been keyed up physically in their preparations. Now has come the period of relaxation and it is the most dangerous for them.

Nation Has Always Been Just.

"It is a time when they need to be surrounded by those influences which can come only from the agencies represented in this United War Work campaign. The record of this nation shows that it has been just thru all times. These islands bought from Denmark some months ago might have been taken but the principle of this nation have demanded fairness and equality. Our course stands out in bold contrast with that of Germany, where the Kaiser claimed to have formed a partnership with Gott. Certainly it was not a union of forces with that God who said 'Suffer the little children to come unto me,' or 'Blessed are the peace makers,' but a God who placed might above right.

"It has come to me with touching force that the Belgians and the French now often kiss the flag of the United States, for to them it is the embodiment of all that is just and honorable among nations. To me that flag of ours, with its stars and stripes, with its red, white and blue, vies even with God's rainbow in its coloring. The rainbow was placed in the heavens both as a sign and a promise and so our flag among nations has become also both a sign and a promise, assuring our friendship and support for the liberty loving people of the world."

NOTES.

The... of Franklin are... in this war work... worth mentioning

that in one school district, \$1,300 was raised and that this work was all done in four hours' time.

J. S. Findley, said yesterday that the organization of Victory boys was a little late in getting started but the work is now well under way. Three precincts have already filed reports showing subscriptions as follows: Franklin, \$49; Chapin, \$39; Jacksonville, \$105. The committees are at work and as the boys are showing the expected enthusiasm some excellent reports can be expected in the course of the next few days.

Chiropractors Specialize On The Spine

The spine is the Chiropractor's special study. Modern research has discovered the importance of the spinal column as a health factor. The spine controls the supply of health energy passing from the brain to individual tissue cells in every part of the body.

The spinal cord begins at the brain and proceeds down through the spinal column, supplying the nerve fibres through its various openings. If this cord be severed paralysis follows in every part of the body below that point.

If there is pressure due to faulty alignment of the vertebrae, suffering and disease at some particular point is certain to follow.

Scientific adjustment allows nature to do her proper work and the sense of dis-ease and discomfort disappears.

Rheumatism, Neuritis, Lumbago, Headache, Constipation, Bilious, Stomach and Kidney Troubles, are among those readily adjusted by the skilled Chiropractor.

OLD JACKSONVILLE

WHEN JOHNNIE COMES MARCHING HOME

By Ensley Moore
(Member Illinois State Historical Society)

When Johnnie Came Marching Home

One of the inspiring and heartening songs of the Civil War was "When Johnnie Comes Marching Home Again," and it voiced the feelings of father, mother and sweethearts, of sisters and brothers, and of all loyal people.

Now our hearts turn again to the men of today whom we hope ere long to welcome back to our midst.

Morgan county furnished 2,732 soldiers of the Union army, according to the State Adjutant-General's report. Up to March, 1864, the county had a surplus credit of 141 over all calls for volunteer troops.

When the War Ended

The war began in April, 1861, so it was slightly shorter than the present one has been, since the Allies in Europe first became engaged. Our part began in April, 1861.

The beginning of the end of the Civil War was when Gen. Grant received the surrender of the Confederates at Appomattox Court House, Virginia, on Sunday, April 9, 1865. In those days, and Sherman's army did not know of the status at Richmond for some time. Then, owing to complications which arose between Gen. Sherman and the Federal government, Gen. Jos. E. Johnston and he did not finally conclude the surrender of the latter's army for two or three weeks after the fall of Richmond.

There was an army at Mobile and in Texas that did not get the orders to stop fighting for a still further length of time. In fact two or three severe battles were fought after the close in Virginia.

What is now called demobilization was not fully accomplished until 1866. One reason for this was that, owing to Louis Napoleon's attempt to take advantage of our divided country, an army under Sheridan was kept for a while along the Mexican frontier. Fortunately the Mexicans were able to take care of themselves and the ill-conceived empire of Maximilian fell in the disgrace it deserved.

One of the various circumstances narrated above many of our men did not get home for some time. Those in the 10th Ill. came in July, from the 101st Ill. our

shopper from Roodhouse yesterday.

Howard Scott of Greenfield visited Jacksonville people yesterday.

George Collins and son traveled from Winchester to the city yesterday.

Robert Christian of Scott county was a shopper with Jacksonville merchants yesterday.

H. C. Brainer helped represent Grace Chapel neighborhood in the city yesterday.

William White and wife traveled from Arcadia to the city yesterday.

O. D. Barrett and wife traveled from Roodhouse to the city yesterday.

John Cain of Big Sandy neighborhood was in the city yesterday.

Mr. Cain must most surely feel glad that the war was over. He and his wife ungrudgingly gave their five boys to the service and made no complaint yet now that the war is over the worthy couple have all reason for gratitude.

Cass Hamm made a trip to St. Louis yesterday in the interest of Andre and Andre.

Edward Rexroat of Arcadia was a caller on city friends yesterday.

Irvin Patterson of the northwestern part of the county called in the city yesterday.

Mrs. R. P. Goodpasture of Grace Chapel neighborhood was a city shopper yesterday.

E. J. Reid and wife of the north part of the county were added to the list of city callers yesterday.

John Leib of Winchester was attending to his interests in the city yesterday.

Miss Carrie Deitrich of the vicinity of Concord called in the city yesterday.

Arthur Smith and family motored from Alexander to the city yesterday.

Mrs. Walter Mason was a city shopper from Grace Chapel vicinity yesterday.

Dr. Eckman helped represent Winchester in the city yesterday.

Miss Anna Hickman of Roodhouse was a shopper in the city yesterday.

Russel Brockhouse of Meredosia was a visitor with city friends yesterday.

R. R. Radisill of Arcadia was added to the list of city arrivals yesterday.

Paul Hughes of Meredosia was in the city yesterday.

W. E. Taylor of Winchester was one of the visitors in the city yesterday.

Mrs. T. W. Deere and daughter Ida and Hattie were city shoppers from Franklin yesterday.

E. W. Brockhouse and family of Chapin were travelers to the city yesterday.

Mrs. D. G. Henderson of Arcadia was one of the city arrivals yesterday.

Mrs. J. C. McFillan from the county farm was a shopper in the city yesterday.

Mrs. M. Rousey of Murrayville helped swell the list of city shoppers yesterday.

J. E. Hall and wife of Meredosia were travelers to the city yesterday.

Mr. and Mrs. C. F. Duckett of Chapin had business in the city yesterday.

Frank Wingler of the east part of the county was transacting business in the city yesterday.

Morgan county regiment, return was not made until June 7th, when it was mustered out, and paid off and discharged at Springfield June 21st. Members of the 2nd Ill. cavalry—at least one—did not get back here till about the first of January, 1866. Thus the heroes came back to glad arms and hearts.

As already stated the capitulation to Grant took place in April, 1865, but it was not until away along in 1866 that President Andrew Johnson officially proclaimed the conflict as ended.

Jacksonville's Part.

Jacksonville had a specially prominent part in the War for several reasons. One, because the greatest War Governor of Illinois and the nation was given to the Union cause by this community.

Another owing to the promptness of the city and county in supporting the call and needs of Lincoln.

A third, was our furnishing the greatest cavalry soldier of the War, Major General Benjamin H. Grierson. A fourth was the great and generous work of our women and people at home—from first to last—in caring for the soldiers and their families. Still another, was the largest single gift—so far as known to the writer—given by any one in the state to the work of the Christian Commission—the Red Cross of that day. This was the contribution of ten thousand dollars by our great farmer, Mr. Jacob Strawn, supplemented by twelve thousand dollars more given by our citizens generally at that time.

When Jacksonville Boys Came Home.

And it is easily to be guessed that it was a glad time here when the boys came back. They were greeted with handshakes and kisses, they were praised by eloquent tongues, and the ladies feasted them.

But there were some who did not return, and "our tears" were for them, as our love and honor has been for all who "preserved us a nation."

So it will be in the months to come, when Pershing's men come marching back, when they proudly walk our streets, when they tell of their deeds, and what they have seen, in the lands beyond the sea.

Heroes of 1865; Heroes of 1918; hail, all hail!

Sergt. L. T. Smith was taken to Winchester yesterday in the interest of U. W. W. by Rev. W. R. Johnson and John Leib.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

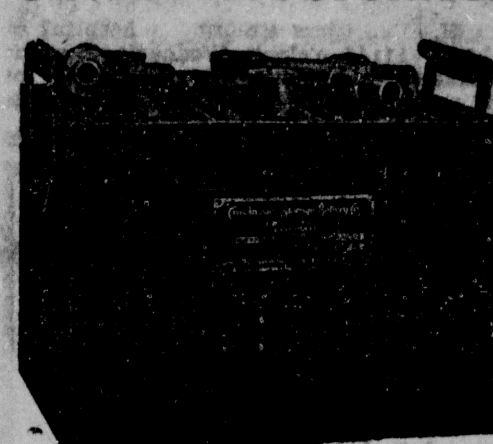

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, azy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like, at 10c and 25c per box. All druggists.

It Has Been Said About Patriotism In Clothes

A new spirit has been fused into American manhood. Our great role in the fight for freedom is rehabilitating those old-fashioned American virtues which ease and prosperity has caused us to forget. Our new responsibilities are giving us a broader vision and a quickened point of view.

This does not mean that we must dispense with the finer things of life, but it does mean that we must learn to discriminate between the superlative and the superfluous—between the things that count and the things that merely cost. It means we are no longer a nation of spenders but a nation of buyers.

Buying wisely is true economy. Irreproachable quality and workmanship is true economy. Wehl-made clothing is true economy. We invite you to call.

You Need Not

Suffer from Catarrh

But You Must Drive it Out of Your Blood to Get Rid of It Permanently

You have probably been in the habit of applying external treatments, trying to cure your catarrh. You have used sprays, washes and lotions and possibly obtained temporary relief. But after a short time you had another attack and wondered why. You must realize that catarrh is an infection of the blood and to get permanent relief the catarrh infection must be driven out of the blood. The quicker you come to understand this, the quicker you will get it out of your system. S. S. S., which has been in constant use for over fifty years, will

drive the catarrhal poisons out of your blood, purifying and strengthening it, so it will carry vigor and health to the mucous membranes on its journey through your body and nature will soon restore you to health. You will be relieved of the droppings of mucus in your throat, sores in nostrils, bad breath, hawking and spitting.

All reputable druggists carry S. S. S. in stock and we recommend you give it a trial immediately. The chief medical adviser of the company will cheerfully answer all letters on the subject. There is no charge for the medical advice. Address Swift Specific Company, 432 Swift Laboratory, Atlanta, Ga.

Give Candy Cascarets to a Bilious, Constipated Child

"Mother gives me a candy Cascaret when I am cross, sick and won't play."

TO MOTHERS! Each ten cent box of Cascarets, candy cathartic, contains full directions for dose for children aged one year old and upwards. Nothing else "works" the nasty bile, sour fermentations and constipation poison from the tender little bowels so gently, yet so thoroughly. Even cross, feverish, bilious children gladly take Cascarets without being coaxed. Cascarets taste just like candy. Cascarets never gripe the little bowels, never sicken, never injure, but above all, they never disappoint the worried mother.

survived by her husband and two children, her parents, Mr. and Mrs. W. F. Brown, one brother, J. Howard Brown and one sister. A more extended notice and the time of the funeral will be announced later.

Hildreth.

Mrs. Marie Hildreth, wife of Louis Hildreth, died at Passavant hospital at 8:30 o'clock Wednesday evening of pneumonia after a brief illness. A particularly sad feature of her death is the fact that her baby daughter passed away Tuesday of the same malady.

Deceased was before her marriage, Miss M. Marie Waltman, daughter of Mrs. Frank Waltman, residing east of the city. She was 23 years of age at the time of death.

She was united in marriage to Louis Hildreth, June 18, 1916, and is survived by her husband and parents.

The body was removed to Gillham's undertaking parlors and prepared for burial. Funeral arrangements will be announced later.

Bundy.

Mrs. E. C. Carpenter received a telephone message from Roodhouse Wednesday conveying the news of the death of George E. Bundy, Jr. Death occurred from pneumonia following an attack of influenza.

Deceased was the son of Mr. and Mrs. George E. Bundy of Roodhouse and was 28 years of age at the time of death. He was united in marriage to Miss Jessie McConathy about eight years ago. His widow and parents survive.

Mr. Bundy was engaged in the undertaking business with his father. About ten days ago he went to Jerseyville to assist an undertaker of that city and contracted influenza. He was a young man of high standing in Roodhouse and his death will be a severe loss to the community. No arrangements have yet been made for the funeral.

Gruber.

Isaac Gruber died at his home 1240 Allen avenue at 6 o'clock Wednesday evening of pneumonia after a few days illness.

Deceased was the son of John H. and Mary Tindall Gruber and was born in this city February 17, 1856 and his entire life was spent in this city.

He was united in marriage in Jacksonville to Miss Ethel Blass on October 1, 1889. Besides his widow he is survived by the following children: Earl Gruber, George Gruber, Stella Gruber, Nelson Gruber, Laurence Gruber, Hazelton Gruber, Mariette Gruber all residing at home and Mrs. George Collier of Pisgah. He also leaves the following brothers, Charles Gruber of Jacksonville, John Gruber, Virden and Walter Tucson, Ariz.

For many years Mr. Gruber engaged in the transfer business following that occupation until an affection of the eyes destroyed the sight and compelled him to give up the work. Since then he has lived a retired life.

Mr. Gruber was a member of Grace church and of Illinois Lodge No. 4, I. O. O. F. He was a man highly regarded by all who knew him.

Funeral arrangements will be announced later.

Bailey.

Mrs. J. H. Hackett of this city has received word of the death of her step-mother, Mrs. Mary T. Bailey, who passed away recently at the home of her daughter, Mrs. Grace Bailey Henry in West Bend, Wisconsin.

Deceased was born in Pennsylvania and was about eighty years of age at the time of her death. She was married to the late J. R. Bailey, editor and proprietor of the weekly Sentinel, predecessor of the Courier many years ago. She was a lady of much ability and had a wide acquaintance. She wrote a volume of poems and made many literary contributions to the press, writing under the name of Lucerne Elliott. She was one of the founders of Sorosis of this city and was a valued member as long as she lived in Jacksonville. She was popular in the society of the city and was a cultivated lady.

Her husband died many years ago. She is survived by one son, Carl, of Chicago, and two daughters, Mrs. Fetter of Chicago and Mrs. Charles Henry of West Bend, Wisconsin. Also by one step-son, H. R. Bailey of Chicago; and four step-daughters, Mrs. Henry Beebe of Nebraska; Mrs. J. H. Hackett of this city; Mrs. Kate Cannon of Kansas and Mrs. D. H. Hall, north of the city.

Sumpter.

Mrs. Frank Sumpter died at her home in Meredosia at 12 o'clock Tuesday night of influenza which developed into pneumonia. Mrs. Sumpter's maiden name was Miss Eva Mae Cay. She was born August 15th, 1885, near Arenzville. She was married September 2, 1901 to Frank Sumpter at Virginia. She was a member of the Church of Christ and her life was devoted to her home and her family. Besides her husband she is survived by eight children: Wayne, Vernon, Mabel, Bonner, Logan, Byron, Elizabeth and Callie, her mother, Mrs. Elizabeth Coy, three brothers Samuel of Camp Humphrey, Virginia, Walter and Newton of Beardstown, and one sister Mrs. Robert P. Glenn of Chicago. The funeral will be private and will be held from the home Sunday morning at eleven o'clock. Interment will be made in Newman's cemetery near Meredosia.

Redmond.

James McGinnis has received word of the death of his sister-in-law, Mrs. John M. Redmond, which occurred at the family home, 7741 Sangamon street, Chicago. She had been ill for a long period and had been a great sufferer.

She is survived by her husband and two sisters, Mrs. Margaret Courrier and Miss Anna McDonald and one brother, John

McDonald, all residing in Chicago. Mrs. Redmond was formerly Miss Anna McDonald and this city was her home for a number of years. She was a faithful member of the Church of Our Savior. The remains will be brought to Jacksonville for burial and will be taken to the home of Mr. and Mrs. James McGinnis, 1642 South Main street.

Funeral arrangements will be announced later.

FUNERALS

Taylor.

Funeral services for Albert Beverly Taylor were held at Jacksonville cemetery Wednesday afternoon in charge of the Rev. Mr. Bellman. Mrs. Charles Pires, sang two solos. The flowers were cared for by Mrs. Dye, Mrs. Pires and Mrs. McCarty. The bearers were: Edward Blesse, Herman Lehr, Arvie Proctor and Albert Hopper.

Diltz.

Funeral services for Miss Marcell Frances Diltz were held from the residence Wednesday morning at 10 o'clock in charge of the Rev. E. B. Landis, pastor of Westminster church. Music was furnished by Miss Cora Graham, Mrs. E. C. Carpenter, T. H. Rapp and W. W. Gillham. The flowers were cared for by Miss Landreth, Mrs. Thomas Heaton and Mrs. Katie Koenig. The remains were taken to Moline for burial the bearers being, Fred Lynn, Earl Fitch, John Zell, Harold Huser, Elmer Cannon and John Roach.

U. W. W. CAMPAIGN IN COUNTY PRECINCTS.

Dr. J. R. Harker, in summarizing the work of the U. W. W. in the precincts outside Jacksonville said last night:

"The report shows a continuation of good work in several of the precincts. A few precincts have not yet made any report except for the Victory Girls because the workers have not been able to get together to figure up their totals. We hope that a full report will be made from every precinct by Thursday night. We again urge all captains to report to Headquarters. Phone \$1,000 between 7 and 8 o'clock every evening."

"It is gratifying to see that Franklin, Concord, Chapin, and Murrayville, which made so good a start yesterday, are still moving pleasing to note how Jacksonville, Litterberry, Lynnville, Sinclair, Fackley and Woodson are rapidly catching up. We hope we can celebrate tomorrow night by a good report from every precinct, and by having several precincts over the top."

GEO. E. KICK VISITS SOUTHERN CAMP

Son Is Instructor in Officers' Training School—Exam. Conditions in Macon and Morgan Counties Discussed.

George E. Klick, present owner of the Julius Strawn farm lands in Alexander precinct, is a visitor in the city for a few days. Mr. Klick came to Jacksonville after a visit with his son, Lieut. E. L. Klick at Camp McArthur, Tex. His trip to the southern camp was both for recreation and to visit his son. He has reason to be proud of the record made by Lieut. Klick, who entered the service May 30 and was sent to a southern camp.

An Exceptional Record
Soon afterward the soldier qualified for the officers' training school at Camp Gordon and some weeks ago after completing his course and being commissioned a lieutenant was sent to Camp McArthur as an instructor. That he was the only one out of a group of 210 chosen for this work is evidence of the good record that he made. Lieut. Klick a year or two ago was a student at Milliken university and was one of the star athletes at that institution. His athletic training was of value to him in the physical requirements for army service. The lieutenant had the unusual record of going all thru the months of his officers' training course without a single demerit mark. It is not often that such a record as this is made in the military training camps.

Mr. Klick is of the opinion that officers who have completed the training or who are in the course of training will not be released from the service, at least for a period of months.

Mr. Klick went first to his farm at Warrensburg and then came here to look after his Morgan county holdings for a few days. Mr. Klick operates with his son a farm of about 1200 acres in Macon county and there as here this year he has 300 acres of popcorn. Men are busy now at both farms shucking the popcorn which it is thought will average about 30 bushels an acre. Some of the shucking will be done by machinery as it is somewhat more difficult to shuck popcorn than the ordinary field corn.

Will Crib Popcorn

The price for popcorn continues good but Mr. Klick intends to crib the corn from both farms and will hold it for use next summer. While there are small buyers of popcorn the largest shipments usually go to the Cracker Jack and other candy factories. This year Mr. Klick has over 700 acres of wheat planted on his Morgan county farm and more than 300 on his Macon county farm. He was led to plant this large acreage partially because of the guaranteed wheat price and partially because the planting fits in with his crop rotation plan. On the crop of popcorn the largest shipment about 150 acres of spring wheat. Practically all of the remaining acres on both farms will be in corn.

This year Mr. Klick is going in heavily on wheat but he believes that, one year after another, there is more profit in raising corn than wheat. The method of crop rotation he follows in Macon county has usually resulted in 50 to 60 bushel crops and he expects to have like results here. It has taken some good management and a lot of work to prepare the thousand and more acres of land for wheat and to get the crop planted. On the Morgan county farm three tractors and a large number of horses were required. Mr. Klick in addition to looking after his Macon and Morgan county holdings has some farming operations in Iowa, so that he is a very busy man.

Miss Olive M. Hodgson of West North street, has gone to New York City, where she will be the guest of Mrs. A. Frazier-Hunt, an old University class mate.

DR. NORBURY CALLS

LIEUT. HARDESTY HERO

Dr. F. P. Norbury, who was a member of the committee on mental hygiene has been engaged in war work in New York City. In a recent letter to Mrs. Garm Norbury pay special tribute to Lieut. T. O. Hardesty. Mention was recently made of Lieut. Hardesty's return from overseas with a large group of very sick men under his care. In referring to Lieut. Hardesty's achievements Dr. Norbury said:

"I met Dr. Hardesty Monday. He had returned from 'overseas' on transport in care of sick, influenza and pneumonia cases so sick they were unable to land aboard and return. He came with them. He won commendation for his faithfulness, care and devotion under great difficulties. He is a medical hero and I believe will receive distinguished mention. I saw the letter from the captain of the ship addressed to C. O. Jacksonville may well feel proud of this noble fellow who knew his duty, did it, all other officers were sick. I left him in the officers' mess in Hoboken. He had a smile—felt kindly for the letter and said 'Doctor, goodbye. I have my orders. I am going back. Glad to go.'"

HAS ARRIVED OVERSEAS

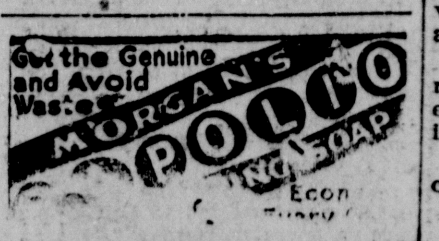

Relatives of Sergt. William Newman, Jr., have been advised that he has arrived with the American Expeditionary Forces overseas. Sergt. Newman after finishing his work as both student and instructor at the Rabe auto school, was some weeks ago sent to an eastern camp.

E. N. Kimer left yesterday for Beardsown and before returning will spend a few days in Springfield.

How Weak, Nervous Women Quickly Gain Vigorous Health

And Strong Nerves

7 A DAY FOR 7 DAYS

A vigorous, healthy body, sparkling eyes and health-colored cheeks come in two weeks, says discoverer of Bio-feren.

It costs but little and you can get an original package at any drugist anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonates; Manganese Peptonates; Ext. Nux Vomica; Powd. Benton; Phenolphthalein; Oleoresin Capsicum; Kolo.

The vital health building elements that these despondent women lack are all plentifully supplied in Bio-feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

World's Greatest Health Builder Costs Nothing Unless It Gives to Women the Buoyant Health They Long for.

—But don't let up, keep on saving money and food. We can help you save many dollars annually. All we ask of you is to step in, examine our goods and get prices before you buy elsewhere.

—We have everything for men and boys to wear.

THE FOURTH MEAL IS UNNECESSARY

The fourth meal is just as unnecessary as the fifth wheel on a cart. It is not necessary for health, and not necessary for social purposes at this time.

The Food Administration recognizes the value of the sociability engendered by a function where refreshments are served. But it believes that any such function, such as a theatre supper or afternoon tea, which constitutes a fourth meal, is unpatriotic and contrary to the principles of conservation and labor.

The Food Administration is therefore requesting that afternoon teas and theatre suppers be discontinued until after the war. The consumption of sandwiches, cakes and sugar which usually accompany these meals, especially afternoon tea, makes an unnecessary waste of foodstuffs.

There will often be legitimate occasion for banquets, club lunches, church suppers or similar functions. In such case the Food Administration asks that the hours, when these are held be so regulated that the banquet or

luncheon takes the place of one of the three regular home meals. Indeed such meal may well serve as a lesson in intelligent food conservation.

In France and England no meals are served after nine o'clock at night, and in both countries public eating places are closed for a definite period during each afternoon. Our people, who have been spared so much of the hardships which the French and English have undergone should be glad to cut out all fourth meals and be content with three simple ones which are enough for health. Let the three be eaten in the home, or in the public eating place, or let one be a social function; whatever they are, make them simple plan them in accordance with patriotic and intelligent food conservation, and limit them to three.

STATE BAPTIST BOARD MEETS

The Baptist Board of Illinois Baptist State convention met in Bloomington, Ill., Tuesday and Wednesday of this week to transact the business of the convention and to take care of the work of the board, the annual meeting of the convention, Oct. 14 to 18, having been indefinitely postponed on account of the influenza epidemic.

Much of the work of the convention was done by the board in interesting and encouraging reports were given by the different departments on Mission, Church Efficiency, Education, Philanthropy, Sunday School and B. Y. P. U. work. War conditions have greatly handicapped the work, nevertheless substantial growth and increase were in evidence.

Total disbursements for missionary purposes for the year ending Oct. 1, 1918, were \$27,866.17. In addition \$37,407.78 was collected on pledges and paid out to the University Baptist church building at Urbana, Ill.

The board in session on Tuesday made appropriations to various missionary churches and pas-

tors amounting to \$10,000.00. Other appropriations will be made by the executive committee in December and by the board in April.

Rev. A. A. Todd, D. D., was honored by being made a member of the executive committee of seven.

One half of all missionary money received this year by the Chicago Baptist churches was voted to be used in Chicago Baptist mission work.

The board was jubilant over the armistice and happy that the convention had enjoyed a little part in helping the allies win the victory and bring liberty to all nations, and they hoped a permanent peace to all the world.

Millions Use It For Colds

Because "Pape's Cold Compound" Relieves Cold or Grippe Misery in a Few Hours—Really Wonderful!

Don't stay stuffed-up! Get blowing and snuffling! A box of "Pape's Cold Compound" in every two hours until three are taken will end grippe misery and break up a severe cold in the head, chest, body or throat.

Promptly opens clogged up nose and air passages; stops discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute. Insist on "Pape's" nothing else.

Dr. Bell's Pine Tar Honey for Coughs & Colds

"Gee! I wish there was something I could do!"

When you think of what the boys "over there" have done for the freedom of the world do you not really want to do something for them? Do you not have an all consuming desire to continue backing up these heroes of ours and our allies after victory has been won and while there is work still to be done?

You can't go now, of course, as its "over there," but there is a place for a boy—also for men, women and girls, who want to help our country. A place where real gratitude—the spirit of sacrifice—may be shown as well as could have been done in France. While the war is over there is still an opportunity for boys—for all who love their country—to do their share. This opportunity for boys is called the VICTORY BOYS. Its motto is "A million boys behind a million fighters." The organizations for which the Victory Boys are working provide the soldier with his movie theater, his church, his club, his store where he buys the little every-

day things he needs. When he is hungry, they feed him; they offer him rest; they bring him in touch of home and give him the home feeling.

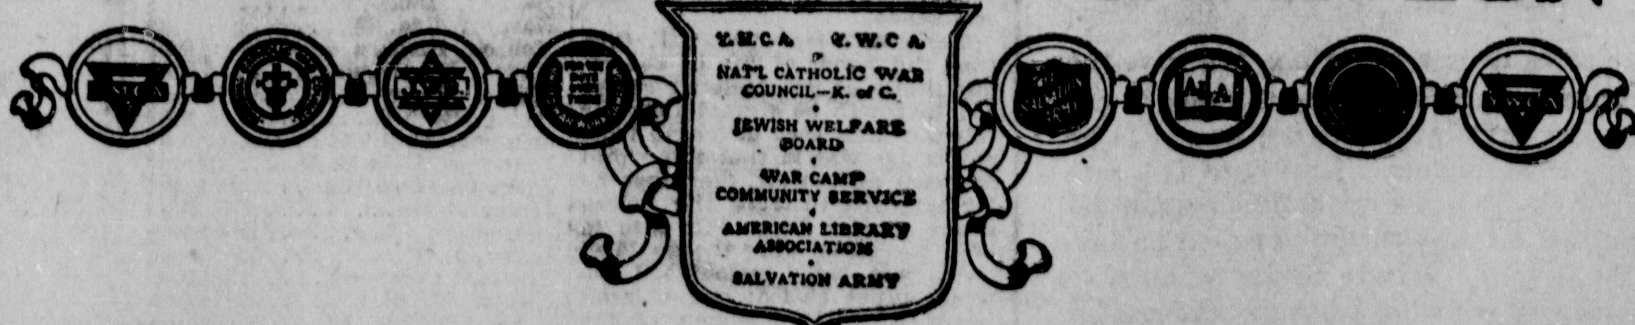

When you enroll with the Victory Boys, you pledge yourself to go out and earn money for this great work that the soldier needs so much. Ask your neighbors for odd jobs. Tell them of the great cause you are working for. If you can pledge yourself to earn \$20, remember that for five months you are taking care of one soldier—your soldier.

There is a like opportunity for service and sacrifice for the girls—the VICTORY GIRLS. There is no difference in purpose, both organizations are working for our soldier boys who will not be returning soon. Many have given their lives for the peace of the world. Let us give of our plenty in their sacred memory. Many more will return; until they do let us give to keep them cheerful and clean. This is "SOMETHING" we can do.

For further information inquire at the Victory Boys Division of your local committee for the

AUSTRIA-HUNGARY CONDITIONS DISCUSSED

Miss Gertrude Lobdell Professor of History at Illinois Woman's College Talked at Wednesday Chapel—Remarks Were Interesting to Audience.

Her lecture, illustrated by maps, was listened to with much interest, as many questions have arisen concerning the future of the Dual Monarchy.

Professor Lobdell said in part: "Austria is much less than one half the size of Hungary. The population of 51,000,000 is composed of 12,000,000 Germans and 29,000,000 non-Germans. The latter group is made up of 28,000,000 Slavs, 1,000,000 Italians; 10,000,000 Magyars. This latter group of 10,000,000 dominates the remaining 25,000,000 in Hungary.

Many Languages Spoken
"There are eleven distinct languages spoken, with numerous dialects. At the time of administering the oath to Representatives in Parliament, it is necessary to use eight languages. "Another disintegrating force is the division along the line of religion. There are both the Greek and Roman Catholic churches, and the protestant form of Christianity is expressed by the Lutheran church and a number of other churches. The non-Christian groups are composed of Jews and Mohammedans.

"Austria and Hungary are, or were united under the emperor and a parliament, each having an equal number of representatives. Self-government, however, is maintained in local affairs. Of 453 members in the Hungarian Parliament, all but seven were Magyars. The present political situation in Hungary may be understood in part by the fact that the Magyars have secured recognition of independence by Austria but refused to grant independence to the other nationalities in Hungary.

"The Czechs and Slovaks of Bohemia and Moravia and North Hungary have organized the Republic of Czechoslovakia. In the South, the Jugo-Slavs are organizing as Croatia-Slavonia and insisting upon holding the Italian population in subjection.

"In the East the Rumanians are clamouring to be re-united to Rumania; the Rumanians demand annexation to Rumania. In the West, the Germans have formed German Austria adjacent to Bavaria.

Complex Question.
"In the Southwest the Italians in Tyrol and along the Eastern coast of the Adriatic insist upon being re-united to Italy, which would make the Adriatic an Italian Lake. Every one of these elements is insisting upon keeping the minority races in subjection, and is unwilling to yield any concessions to their lesser populations or their neighbors.

All are appealing to President Wilson to enforce his principles of recognition of the rights of self-determination of all nationalities. "Each of these groups is hastening to organize and demand recognition as a sovereign state in order to gain recognition at the Peace Conference. Since they overlap in territory, this will be impossible, and gives some idea of the complicated questions regarding the settlement of the Austria-Hungarian situation to come before the Peace Conference.

"No one can prophesy concerning the future. The question confronting us is that expressed by another 'Can scrambled eggs be unscrambled?'"

FORMER RESIDENT DIES AT GREAT AGE

Mrs. Mary T. Bailey Passed Away at West Bend, Wis., Charter Member of Sorosis.

The death of Mrs. Mary T. Bailey, formerly of this city, occurred November 4 at the home of her daughter, Mrs. C. C. Henry in West Bend, Wis. Deceased was the widow of the late James R. Bailey, formerly editor of the Jacksonville Sentinel, and at the time of death was eighty one years of age. She was very active in various lines of relief work and all during the summer had been engaged in knitting for the Red Cross.

Mrs. Bailey was the only remaining charter member of Sorosis, and had the distinction of being the first woman in Jacksonville to read a paper in public. She was possessed of unusual literary talents and had written a number of poems. The one given below, written in her eightieth year was read at the funeral service.

Mrs. Bailey is survived by three children, Mrs. C. C. Henry, West Bend, Wis., Mrs. George K. Fessler, Indianapolis, and Dr. G. T. Bailey of Chicago.

Where Is God?
(Mary T. Bailey.)
We search the deep we cleave the air
Rend rock and mountain, he is there.

We tear the thunder-cloud apart,
Delve where the tender rootlets start,
And hear the beating of his heart.

He is in the waving field of grain,
In the violet bloom, in the rose perfume,
His open book is the purling brook.

A wild bird's note is his song aloft,
His chant is the patter of silver rain.

He is where the sparrow falls,
He has set his feet where mad tides meet.

The impact of his unseen walls
His paths are made in forest shade,
In trackless deserts his lines are laid.

Out where the blazing comet runs,
We follow the light of stars and suns
Fast as the fleetest thought has flown

To the limit of the known
And meet him face to face
As we ride the voids of space
And ever vibrant far and near, If we but listen we may hear.
A still voice, "I am here."

DR. BUCKTHORPE TO ENTER ARMY SERVICE
Received Commission as Lieutenant Months Ago But Has Just Been Ordered into the Service

Dr. Robert R. Buckthorpe, who received his commission as lieutenant in the medical reserve force of the U. S. A., nearly a year ago, will leave today for Ft. Oglethorpe, Ga., where he will enter the service at Camp Greenleaf. Dr. Buckthorpe enlisted for service Oct. 4, 1917, and subsequently was notified of his commission. However he was not ordered to report until a few days since and is to reach the southern camp by Nov. 15.

In going to Camp Greenleaf, Dr. Buckthorpe will be located very near the first camp in which he was stationed as a soldier in the Spanish-American war. That was in 1898 and he went south after his enlistment in troop D of the 10th Illinois cavalry under Col. Young. He enlisted for that service in Springfield and was in the service for a period of about six months.

Immediately after completing his course in dental surgery Dr. Buckthorpe established his office in Jacksonville and also still a young man he now ranks as one of the longest established of Jacksonville dentists. He has a very large practice, has been successful in his work and enlistment in the army service means a distinct financial sacrifice. His only regret is that the call into service did not come earlier.

MORGAN COUNTY'S ANNUAL POULTRY SHOW

Will Be Held in Zahn's Garage the Week of Nov. 18-23. If Quarantine Is Not Raised Will Be Held at Later Date—Premium List Is An Attractive One.

Arrangements have all been made for the poultry exhibit to be held in Zahn's garage the coming week and at the present time the only thing that stands in the way of holding a successful show is the quarantine that affects the city at this time. If the same is not lifted by the end of this week the show will be postponed until later.

The premium lists are now ready and can be secured from the secretary, James C. Weber. Here-with is given the full list of premiums offered:

Hon. Henry T. Rainey Cup
Hon. Henry T. Rainey of Carrollton, Ill., congressman from the Twenty-first District, offers a handsome silver trophy cup for the largest and best display of any one variety. Points to count.

J. L. and L. T. Capps Special
Joseph L. and Leland T. Capps offer one Thermos hot plate, valued at \$5.00, for the largest and best display of all varieties. Points to count.

Association Officers Cash Specials
The officers of the association offer \$15.00 in gold, to be divided as follows: \$5.00 to the best pen of white birds in the show; \$5.00 to the best pen of solid colored birds (whites not included); \$5.00 to the best pen of parti-colored birds. Competition open to the world.

Special Note
In order to win the officers and the association cash specials, there must be competition in all classes and breeds. Two or more breeders must compete for these specials. Otherwise only the regular cash premiums and ribbons will be given.

Association Gold Specials
Competition open to the world. The association will give \$2.50 in gold for the best pen in each of the following varieties: Rocks, Wyandottes, Reds, Asiatic Class, Mediterranean Class, English Class, Bantams (usual handicaps).

Judge D. T. Heimlich offers \$1 to the owner of the best male in the show (usual handicap).

J. C. and A. P. Weber offer \$1 to the owner of the best female in the show (usual handicap).
